About Us

Our Organization is A4S – Audit, Advisory, Assurance and Assessment Services Limited. We have supported more than 500 clients over the past 15 years in various value adding areas of their operations.

We provide professional, objective and independent audit and advisory services to our clients. We specialize in two categories of client engagements:

1. Governance, Performance, Risk, Compliance and Audit Services (GPR – CAS) for

    a. ISO Standards (for Quality – 9001, Information Security – 27001, Business Continuity – ISO 22301, Risk – ISO 31000, Compliance – ISO 37301 Health and Safety – ISO 45001) and many others.

    b. Best Practice and Framework for Business and Information Technology (Process Optimization – APQC and Lean Six Sigma, Project Management – PMI PMBoK and PRINCE2, Programme Management – Axelos MSP, Risk Management – COSO and Axelos MoR, IT Service Management – ITIL, IT Governance and Management – COBIT, Enterprise Architecture – TOGAF, Card and Payment Security – PCIDSS) and many others.

2. Monitoring, Evaluation and Assessment Services (MEAS) for

    a. Sustainable Development Goals (SDG) implementation and adoption at the National, State, Local Government levels and for public and corporate institutions.

    b. Environment, Social and Governance (ESG) reporting for Environment – ISO 14001, Climate Change Adaptation – ISO 14090, Governance – ISO 37000, Antibribery – ISO 37001 and Whistleblowing – ISO 37002.

    c. Corporate Social Responsibility (CSR) implementation and adoption with ISO 26000.
